

CPUC, CALIFORNIA ENERGY COMMISSION, AND ASSEMBLY MEMBER BILL QUIRK CO-HOST

THOUGHT LEADERS: ENERGY CONSUMPTION DATA

A panel discussion on:

- How energy consumption data is currently used.
- What value energy data brings to policy makers to support statewide energy goals.
- How customers are ultimately benefitting from using data to lower bills.
- How the privacy of customers is maintained.

This session will be cosponsored by Assembly Member Bill Quirk, the California Energy Commission, and the California Public Utilities Commission.
